## SUMMARY

I am a fresher front-end developer with basic knowledge of HTML, CSS, JavaScript and React. I enjoy creating simple and responsive websites and I am a quick learner who is always ready to improve my skills. I am looking for an internship to gain real-world experience and grow in the field of web development.

## TECHNICAL SKILLS

- **Languages & Technologies:** HTML5, CSS3, JavaScript, React Basic
- **Tools & Platforms:** Git/GitHub, Vercel
- **Other Skills:** Typing Speed: 40 WPM , Quick Learner

## PROJECTS

### To-Do List

- Created a To-Do List application using HTML, CSS, and JavaScript. Implemented task addition, deletion, completion marking, and localStorage for data persistence. Focused on clean UI design layout.

### Login and Registration Form

- Created a login and registration form using HTML, CSS, and JavaScript. Implemented basic client-side validation to ensure proper input formats. Focused on clean UI design.

### Restaurant Landing Page

- Developed a responsive restaurant website using HTML5 and CSS3, featuring a modern layout with navigation, banner and interactive cards. Implemented Flexbox, hover effects and Google Fonts to ensure a clean, user-friendly design.
